RE. Space radiation studies

Dear Drs. Bergman [REDACTED]

Your addendum request to study the long term neurobehavioral and neuropharmacological effects of exposure to radiation (Fe56 and protons) in squirrel monkeys was reviewed by the McLean Hospital IACUC on June 10, 2009. The request was designated "Modifications required to secure approval". As a condition of approval, this Institution's Animal Care and Use Committee requested clarifications regarding these studies. Approval of this addendum request is pending your response.

Title of Application: Preclinical Pharmacology of CNS Drugs: Master Protocol (IACUC# 09-5/2-18)

Title of Subproject: Long-Term Effects of Space Radiation in Nonhuman Primates

Principal Investigator: Dr. Jack Bergman

Co-Investigator: [REDACTED]

Name of Institution: McLean Hospital

IACUC Approval No.: pending

IACUC Approval Date: pending

McLean Hospital has a PHS-approved Animal Welfare Assurance on file with the Office of Laboratory Animal Welfare (OLAW). The Assurance number is A3685-01.

Sincerely,

[REDACTED]
